

# AT THIS MOMENT, IT'S ALL ABOUT CONFIDENCE

DEKALB® brand seed simply gives you the best chance for success, with advanced research, consistent performance and high yielding genetics to give you the most options to fit the way you farm. In fact, this year alone we're introducing 17 new corn hybrids and 9 new soybean varieties, plus two new trait technology platforms – Genuity™ Roundup Ready 2 Yield™ soybeans and Genuity™ SmartStax™ corn – that combine our genetics with next generation production technology.

*That's why, every year, more farmers put their confidence in DEKALB.†*

**ALL SEASON STRONG**

Before opening a bag of seed, be sure to read and understand the stewardship requirements, including applicable refuge requirements for insect resistance management, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with those stewardship requirements.

Monsanto Company is a member of Excellence Through Stewardship(SM) (ETS). This product has been commercialized in compliance with the ETS Product Launch Stewardship Guidance and the Monsanto Product Launch Stewardship policy, after meeting applicable regulatory requirements in key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for this product. Excellence Through Stewardship(SM) is a service mark of Excellence Through Stewardship. **IMPORTANT: Genuity™ SmartStax™** has received the necessary approvals in Canada, however, as of 09/01/09, approvals have not been received in certain major corn export markets. **Genuity™ SmartStax™** will not be launched and seed will not be available until after import approvals are received in appropriate major corn export markets. **ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** Roundup Ready® crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup® agricultural herbicides. Roundup® agricultural herbicides will kill crops that are not tolerant to glyphosate.
