<sup>1</sup>This column represents DEKALB® brand corn hybrids that are Class 12 pesticides containing clothianidin. All DEKALB brand SmartStax® RIB Complete® products represented by this column are offered treated with Acceleron® Seed Applied Solutions for corn plus Poncho®/VOTiVO™ (fungicides, insecticide and nematocide). All other DEKALB brand corn products represented by this column are offered treated with Acceleron® Seed Applied Solutions for corn (fungicides and insecticide). See individual ingredients below.

<sup>2</sup>DEKALB Corn hybrids that are not Class 12 Pesticides.

**Acceleron® seed applied solutions for corn (fungicides and insecticide)** is a combination of four separate individually-registered products, which together contain the active ingredients metalaxyl, prothioconazole, fluoxystrobin, and clothianidin. **Acceleron® seed applied solutions for corn (fungicides only)** is a combination of three separate individually-registered products, which together contain the active ingredients metalaxyl, prothioconazole and fluoxystrobin. **Acceleron® Seed Applied Solutions for corn plus DuPont™ Lumivia® Seed Treatment (fungicides plus an insecticide)** is a combination of four separate individually-registered products, which together contain the active ingredients metalaxyl, prothioconazole, fluoxystrobin and chlorantraniliprole. **Acceleron® seed applied solutions for corn plus Poncho®/VOTiVO™ (fungicides, insecticide and nematocide)** is a combination of five separate individually-registered products, which together contain the active ingredients metalaxyl, prothioconazole, fluoxystrobin, clothianidin and Bacillus firmus strain I-1582.

### TERMS AND CONDITIONS

- Price sheets are for the 2018 growing season.
- SRP is the suggested retail price for an 80,000 kernel unit of Plateless or Graded corn seed. Please consult the DEKALB Marketing Letter for complete sales terms and program details.
- All products are subject to availability. Treatment options are subject to change without notice.
- Distributors and Retailers shall have the right to establish their own selling price for DEKALB brand products, and are under no obligation to accept the suggested pricing or discounts.

**Monsanto Company is a member of Excellence Through Stewardship® (ETS).** Monsanto products are commercialized in accordance with ETS Product Launch Stewardship Guidance, and in compliance with Monsanto's Policy for Commercialization of Biotechnology-Derived Plant Products in Commodity Crops. These products have been approved for import into key export markets with functioning regulatory systems. Any crop or material produced from these products can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Growers should talk to their grain handler or product purchaser to confirm their buying position for these products. Excellence Through Stewardship® is a registered trademark of Excellence Through Stewardship.

**ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS.** Roundup Ready® technology contains genes that confer tolerance to glyphosate, an active ingredient in Roundup® brand agricultural herbicides. Agricultural herbicides containing glyphosate will kill crops that are not tolerant to glyphosate.
